		All GrutBrushes Art Brushes – ABRs All the Art brushes + Pencils in one ABR Only works in <i>Photoshop CC 2018.</i>	Download ALL the Brushes! ABR This link EXPIRES with your membership			
		Not compatible with GrutBrushes Plugin (use TPL version)				

In this case, we going to install the ABR file.

Click on the blue button it to download it.

Find and unzip the file you just downloaded.

Mac: Double click to unzip **Windows:** Right-click and select, "extract" or "UNZIP". Now you are ready to install your brushes!

Installation Method 1:

Either right click on the ABR file and select 'Open in Photoshop' Or you can simply drag the ABR file right into Photoshop like this:

Your brushes should now be installed.

To find your brushes, open the brushes panel (*Window > Brushes*)

Scroll down to the very bottom of the brushes panel and you will see the brushes you just installed divided into folders according to type

Installation Method 2:

Alternatively, if you can't drag or drop it into Photoshop, open the brushes panel and click in the top right corner and select import brushes.

Find the ABR file you extracted earlier (from the zip file)
